online edition of Plastic Aviation Conference (PAC):

October 27, 2020 - 5:30 p.m. CET

Please register here to attend:

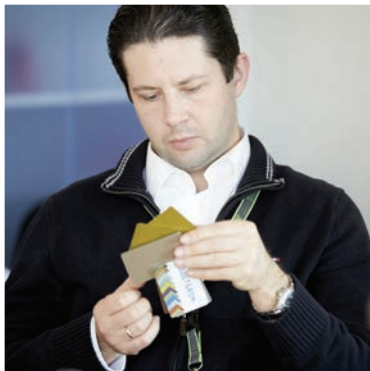

<https://t1p.de/ufb1>

Discuss the future of plastics in aerospace with us

In order to provide a platform for exchange despite the current pandemic we would like to provide regular online sessions until the next Plastic Aviation Conference (PAC) can take place. The format will include online trainings, presentations of new material, interactive discussions and much more.

During the brief opening session we will present you the outlook for the first sessions and invite you to give us your input about topics etc. you are looking for to be covered.
